

WOODSIDE'S 2024 ANNUAL GENERAL MEETING – PRIVACY NOTICE

We collect and handle personal information to manage the Annual General Meeting (**AGM**), facilitate voting and proxy instructions, manage safety and security, and record and stream the event (live and on-demand). We may be limited in our ability to do these things without that personal information. In particular, without personal information, we may refuse physical access to the AGM (although the webcast will still be available).

The personal information we collect includes names, images and recordings (including video and audio), information about conduct relevant to event security, contact details, shareholding details, proxy appointments and any other information you choose to share (e.g. if you speak during the AGM). Some of this information is collected under applicable laws such as the Corporations Act. We may collect personal information from, and disclose it to, other parties including our service providers (e.g. venue, event, security and IT providers), professional advisors (e.g. legal), government authorities and related entities. If you participate in the AGM, your participation may also be available to anyone accessing the AGM webcast, from anywhere in the world. Information may also be collected from public sources.

Please see our [Privacy Policy](#) for further details about the personal information we collect, what we do with it, where we send it, how we protect it and how you can access and correct personal information we hold, and make a privacy complaint.
