WOODSIDE SIGNS LNG SALE AND PURCHASE AGREEMENT WITH TRAFIGURA

Woodside Energy Trading Singapore Pte Ltd has signed a sale and purchase agreement with Trafigura Pte Ltd for the supply of 1 million tonnes per annum of LNG for up to ten years from 2030.

Woodside Executive Vice President and Chief Commercial Officer Mark Abbotsford said this latest agreement again demonstrated robust long-term demand for reliable LNG supply.

“Trafigura, as one of the world’s largest independent commodity trading companies, is another high-quality off-taker from Woodside’s diversified global LNG portfolio. We look forward to strengthening our relationship with this important customer into the next decade.”

Trafigura Chief Executive Officer Richard Holtum said: “This agreement with Woodside is a significant addition to our global LNG portfolio, further strengthening our ability to provide reliable, flexible supply of energy to meet our customers’ needs. We are pleased to deepen our long-standing relationship with Woodside and look forward to working together over the coming decade.”
